Inspiring children's classes at The Life Centre

Sign up for one of The Life Centre's new classes and find your world slows down for a few hours.

Ruby and Molly joined the Lotions and Potions course earlier this summer. They could easily have covered the five recipe cards in half the time but benefitted greatly from taking their time over their wonderful creations: organic insect repellent spray, coconut bath salts and peppermint foot cream. All the girls in the small group of 6 children decorated their pots and bottles and whiled away a lovely afternoon. They are booking for autumn classes now.
